

**Eddie L. Macklin**  
**Colorado Springs, CO 80918**

Eddie recently signed on as a Board Director to support The Space, Technology and Arts (STAR) Academy in Colorado Springs School District 11. Eddie, a native of Memphis Tennessee, has lived in Colorado Springs since 1986. The past nine years he has lived in District 11. He is married to Carol, a retired School Administrator from District 8. We have two sons and four grandchildren.

Eddie is excited about the STAR Academy Charter school and the educational choice it offers our children. A prerequisite for STAR Academy educators and parents is to be committed to working together with their students. This is an important element that has been missing and this approach will “bridge the gap” of cooperation that is too often missing in traditional schools.

Eddie graduated with a Dual MA, Computer Information Resource Management and Procurement and Acquisition Management; Webster University, a BGS, Computer Science: Systems Analysis and Design/Data Processing, Roosevelt University and an AS, Logistics Management, Community College of the Air Force.

Eddie served 28 years in the U.S. Air Force and is a retired Non-Commissioned Officer, E-9. In his second career, of 15 years, he retired from Science Applications International Corporation as a Systems and Logistics Engineer.

Eddie is a Life Member of the Air Force Association, a member of the Non-Commissioned Officer Association, and a Life Member of the Armed Forces Top Enlisted Association, Rocky Mountain Chapter 1.
